**FLEET & COMMERCIAL WARRANTY ADJUSTMENTS**

All replacement ACDelco Batteries used for commercial applications are to be adjusted using the cost per month tables shown above. To determine owner's cost for all retailer transactions after the no charge period, multiply the months of use times the cost per month. The result is the cost to the user for a new ACDelco Replacement Battery.

**User's Cost Per Month (Jobber Price)**

**FLEET & COMMERCIAL WARRANTY ADJUSTMENTS**

All replacement ACDelco Batteries used for commercial applications are to be adjusted using the cost per month tables shown above. To determine owner's cost for all retailer transactions after the no charge period, multiply the months of use times the cost per month. The result is the cost to the user for a new ACDelco Replacement Battery.

**User's Cost Per Month (Jobber Price)**

**\$XX.XX**

**Times Total Months of Use**

**XX**

**Equals User's Cost for Replacement Battery**

**\$XX.XX**
